Assignee does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term of any patent issuing from co-pending application 08/860,082 in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. §1.321(1), has all claims cancelled by reexamination certificate, or is otherwise terminated prior to expiration of its full statutory term, except for the separation of legal title stated above. This terminal disclaimer is being made without waiver of petitioner's rights under 35 U.S.C. §156, or elsewhere, which may be available to extend the term of any patent granted on the above-identified application beyond the date set by this terminal disclaimer (37 C.F.R. §1.775(a)).

minimum required by law and this document is to be construed to effectuate said intent. No admission is made that any claim of the above-identified application is obvious over any claim of co-pending application 08/860,082.

The statutory disclaimer fee of \$130.00 per 37 C.F.R. §1.20(d) is attached.
